WINES

Refined, focused and classic are the core values and underlying philosophy of the Keet Wines brand, and can be attributed to the symbiotic relationship between Nature and Nurture.

Consistency of quality from one vintage to the next remains the greatest challenge, yet also offers exciting opportunities. Vines are by nature resilient, yet require perceptive and sensitive viticultural management practices to adapt to varying seasonal elements. This attention to detail ensures the consistent style and quality you have come to expect from First Verse.

### **New Release: 2016 First Verse**

The deep vibrant ruby red hue, layered berry fruit with hints of oak and polished, fine-grained tannins make the 2016 First Verse juicy and drinkable, yet will age gracefully over time, as have previous vintages. The 2016 vintage is a blend of 30% Cabernet Franc, 30% Cabernet Sauvignon, 20% Merlot and 15% Malbec and 5% Petit Verdot.

The observant may wonder about the 2015 vintage of First Verse. As this is a wine deserving of more bottle maturation, and due to the drinkability of the 2016 at this stage, I decided to release the 2016 vintage first.

The 2009 First Verse recently found itself amongst esteemed company at the recent Strauss and Co. Wine Auction. It is a widely known fact that wine has great investment potential and First Verse showed a great return on investment at this auction.

The First Verse has again proved itself to be a wine to drink, share, gift and invest in.
